VOLUNTARY RECALL NOTICE

BADDIE BLUNTZ – BADDIE'S WORLD WIDE
3.5 GRAM PACKAGED CANNABIS FLOWER

July 30, 2026

Green Earth Pharmacy Inc. dba Cana Harbor
California Cannabis License No. **C11-0000758-LIC**
Green Earth Pharmacy Inc. dba Cana Harbor is conducting a voluntary recall of the cannabis flower identified below following notification from the California Department of Cannabis Control ("DCC") regarding the product's packaging and labeling.

Affected Product
Product: Baddie Bluntz – Baddie's World Wide Packaged Flower
Product Size: 3.5 grams
Batch ID: MXAU5
UID: 1A4060300010F7D000118610

Reason for Recall
DCC determined that the packaging and labeling used for the affected product contains imagery and design elements that are attractive to children and therefore does not comply with California cannabis packaging and labeling requirements.
The recall concerns the packaging and labeling of the affected product. DCC's notice does not identify contamination, failed laboratory testing, or another product-safety defect involving the cannabis flower itself.

Consumer Instructions
Consumers who possess the affected product should:
Stop using the product and retain the product and its original packaging for return.
Consumers may return the affected product to the licensed retailer from which it was purchased, subject to that retailer's recall procedures, or contact Green Earth Pharmacy Inc. for assistance regarding the recall.
Consumers should **not transfer or resell** recalled cannabis goods.

Retailer and Licensee Instructions
California cannabis licensees possessing affected cannabis goods must immediately:

- Cease sale, distribution, transfer, and other commercial activity involving the recalled goods;
- Segregate and quarantine affected inventory;
- Preserve the product, packaging, UID information, and related records; and
- Follow the recall instructions provided by Green Earth Pharmacy Inc.

Affected cannabis goods should not be repackaged, relabeled, destroyed, transferred, or otherwise modified except in accordance with applicable DCC requirements and recall instructions.
